

## Unified Agenda (May 2009 Edition)

The May 2009 edition of the Unified Agenda is now available on [GPO Access](#). This edition was released in the Federal Register (FR) on May 11, 2009. View the [Table of Contents](#) for the May 11, 2009 edition of the FR.

Executive Order 12866 (58 FR 51735) and the Regulatory Flexibility Act (5 U.S.C. 602) require that agencies publish semiannual regulatory agendas describing regulatory actions they are developing or have recently completed. Agencies of the United States Congress are not included. The agendas are published in the FR, usually during April and October each year, as part of the Unified Agenda of Federal Regulatory and Deregulatory Actions. The Unified Agenda has appeared in the FR twice each year since 1983 and is available electronically on GPO Access from 1994 forward.

The Unified Agenda is compiled by the General Services Administration's Regulatory Information Service Center in cooperation with the Office of Information and Regulatory Affairs (OIRA), part of the Office of Management and Budget. It is then published by the Office of the Federal Register, National Archives and Records Administration.

Because of its unique schedule and content, the Unified Agenda is maintained as a separate database on GPO Access. Documents are available as ASCII text and PDF files.

The May 2009 Edition of the Unified Agenda will be distributed to Federal depository libraries in paper format as follows:
